SNAKES ALIVE

Tiger killed on footpath

An Altona couple claim a MMBW-owned property next door to their house in Millers Road is snake infested and a danger to small children in the area.

The couple said yesterday that a six foot tiger snake was killed on the footpath outside their home a week ago.

They said a bulldozer clearing debris on the adjacent property recently disturbed 12 snakes.

Mrs. Joanne Hehir, of 76 Millers Road, said her two-year-old son, Thomas, had been bitten on the leg three weeks ago.

● Picture shows Mrs. Joanne Hehir, holding son Thomas, pointing out the snake-infested MMBW property. She claims the rock-strewn, swampy land is a haven for snakes.

Casual swim ends in hospital stay

A casual early evening swim at Altona beach resulted in a blackout and a two-day stay in hospital for Mr. Alan Butterworth (pictured below) last week.

Yet Mr. Butterworth and hospital authorities have no idea what caused his high blood pressure and quickening heart beat.

They suspect it could have been a type of blood poisoning caused by Mr. Butterworth handling some jelly fish as he waded out into the water at the Altona pier.

Mr. Butterworth, 50, van supervisor with Sunnycrust Bakeries, of 16 Grieve Highway, Altona, told the Star he went for his usual swim about 4.45 p.m. last Monday week.

He said he pushed aside some jelly fish and then brushed against something while he was swimming, but because the water was cool, didn't venture out as far as usual.

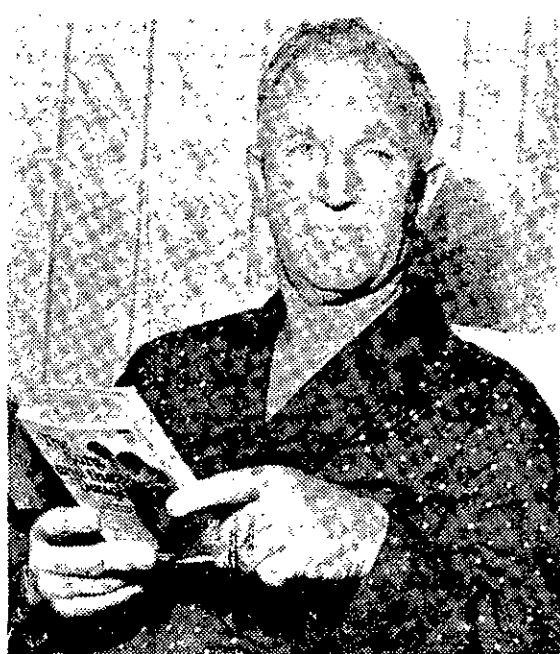

As he was walking back out of the water he noticed his hands had swollen to twice their size and he was feeling giddy.

Mr. Butterworth said he went to his mother-in-law's home in Bent Street, about 50 yards from the foreshore.

His brother-in-law Mr. Tom Jones put him in the car to take him to the Altona Clinic, and he passed out.

Mr. Butterworth said everything went black when he left the clinic to be rushed to Footscray Hospital by ambulance.

He was discharged two days later, and is now feeling quite well again, but he has no puncture marks on his body and has no idea what caused his condition.

WRONG TIP ABOUT RUBBISH AT ALTONA

A man is alleged to have told a Colac policeman that no one worried if rubbish was dumped around Altona.

Constable M. F. Rowe told Colac Court he noticed two men in Memorial Square, Colac, pulling papers and bottles from rubbish tins and throwing the contents about the square.

When asked what he was doing, one of the men, Joseph Gill, 21, of Civic Parade, Altona, had replied: "Don't be so hard, they don't worry about us doing this in Altona."

Gill was fined \$30 on a charge of offensive behavior.

She added: "He had no way of telling me he had been bitten."

"It was only when he started to develop a temperature that we realised and took him straight to hospital."

"He still carries the puncture marks, but he's okay now."

LAUGHED AT

Mrs. Hehir said she was laughed at when she complained to an Altona council health officer.

Mrs. Hehir said she was told: "It's only nature, we can't do anything about it."

The property concerned is swampy, rock-strewn land which is criss-crossed by both Kororoit Creek and Millers Road.

The land acts as a buffer zone between homes in the Noordenne Bayside Village Estate and Petroleum Refineries (Australia) Pty. Ltd., one of the biggest plants in the Petrochemical Complex.

Mr. and Mrs. Tom Hehir settled in their new \$20,000 brick home six months ago. They claim they have had trouble with snakes since last November.

PETITION

Mr. Hehir, a senior constable with the Commonwealth Police, said he intended to prepare a petition (signed by adjoining neighbors in Waters Drive) to present to the MMBW.

He said it was not unusual for his wife to be washing dishes in the kitchen and look out the window to see snakes slithering across a mound of earth, about 20 feet away from the side fence.

Mr. Hehir said the prop-

erty was a haven for snakes — black, brown, tiger, you name it.

He said recent heavy rains had caused flooding in the property and brought the snakes out.

Mr. Hehir said this was why part of the property had been cleared, to allow water to flow underneath a small railway bridge, situated in the centre of the land.

He said the bulldozer had cleared a nine-foot laneway between adjoining houses and the MMBW land, but it had stopped at his back fence.

STRATEGIC

Mr. Hehir said rakes and shovels were now placed at strategic corners of the yard in case a snake appeared.

He added: "Neighbors all patrol their backyards before they let children out to play."

"I can see both sides of the problem. If we went to the council and told them we had a problem with water rats, which we have, they would probably do something about it. But what do you do about snakes?"

Altona City Engineer, Mr. Ralph Simmons confirmed Mr. Hehir's comments about the MMBW bulldozer stirring up the snakes.

He said: "That work was carried because some people complained, that they were up against a potential fire hazard."

"But snakes. That country is natural to snakes. Quite frankly I don't think there is anything we can do."

Music "sound investment" — says a professional

Mr. A. R. Grainger who lives in Civic Parade, Seaholme, was a professional musician before he became a music teacher at Scotch College at Hawthorn.

He said: "I believe that the student who learns to play an instrument, invests his time wisely.

"He acquires an interest which gives him a lot of pleasure and it helps him do well in his academic subjects too."

Mr. Grainger, is in charge of the woodwind instruments department.

He said: "Music is a popular subject at the school."

"The trouble is that not everybody can play an instrument like a saxophone. It's not enough to have a good ear for music.

A CHOICE

"One has to have the right physical equipment as well. Teeth problems can prevent a person from playing, for example.

"But there are always other instruments he can take up."

Mr. Grainger can offer quite a choice — he plays

the piano, violin, saxophone, clarinet, flute and bassoon.

Last June, he took the school's orchestra of 100 boys on a goodwill visit to South East Asia.

They gave concerts in Kuala Lumpur, Singapore and Bangkok.

He said: "I don't talk people out of studying music, even if they aren't talented.

ENJOYMENT

"The important thing is to see a person getting enjoyment out of playing.

"I might warn him from an academic point of view, not to take music as an examination subject, but there is no reason why he shouldn't please himself."

Mr. Grainger tries to

create a relaxed atmosphere in class. He encourages pupils to ask him questions and treats them as individuals.

He said: "I think that my past as a professional musician helps me in teaching. I am able to communicate better than if I merely passed the necessary exams."

He has a tight schedule at the school and enjoys living near the sea be-

cause his hobbies are boating and fishing — a welcome change from the pressure of work.

He said: "Scotch College is well equipped, but as a musician I'd like to see more and better quality instruments."

"They are expensive things, but when music means a lot to you, an instrument that produces the right sound is never too expensive."

MAYOR PRAISES PRINCIPAL

Altona Mayor, Cr. Doug Grant, has praised the work of Altona Primary School principal Mr. Pete Treyvaud who will complete his last year at the school this year.

Mr. and Mrs. Treyvaud, along with members of the school's mothers' club, were official guests at the last council meeting.

Cr. Grant said Mr. Treyvaud had achieved much at the school since he had been there and would certainly be missed.

He said it was largely due to Mr. Treyvaud's efforts that a library had been established, and he had also introduced cuisine and rapid reading to the school.

Cr. Grant added "If Mr. Treyvaud was a citizen of Altona he would certainly be eligible for a citizenship award."

COUNCIL URGES PRA TO SETTLE CLAIMS

Altona council is to urge Petroleum Refineries (Australia) Pty. Ltd., to settle any remaining claims from residents following an industrial mishap at the plant on December 5.

This follows a letter, steps taken by PRA.

tabled at the council meeting last week, in which the company said it had already spent \$12,150 on rectifying any damage caused.

Cr. Les Crofts said he was delighted with the

"There is only one person not satisfied, while four others have claims still being processed," he said.

Cr. Crofts said he implored the council to support the Ross Road resident in seeking settlement.

"The claim by the ratepayer is a fair one. I feel that shrubs should be replaced and roofing and paint should be supplied," he said.

The company's letter said the firm had always been concerned with safeguarding environment.

"Capital expenditures on air and water conservation equipment built into the expansion project during 1970 was of the order of \$544,000," the letter said.

"Recently negotiations were concluded with the Victorian Railways to commence a beautification project along the northern boundary fence (on railway land) involving the

levelling of the ground and the planting of some 500 trees at estimated cost of \$5000.

"Further \$50,000 was spent in painting boundary fences along Millers and Kororoit Creek roads and general refinery appearance improvement."

Council unanimously decided to note the company's letter and to implore the company to reach finality with the remaining claims.

TIP PETITION

Altona council has received a petition signed by 65 residents of the Bayside Village Estate about the city's municipal tip.

Cr. Les Crofts said he had also received a private letter concerning the problem.

Council will meet a deputation of residents at its next general purposes meeting in an effort to solve the matter.

DEATH IN CRASH

This car and a railway track recording machine collided at a railway crossing on Kororoit Creek Road, Altona. The driver, Samuel Jensen, about 60, of Newington Street, Portarlington was killed. A passenger in the car, Yvonne Wragg, of Valewood Drive, Werribee was taken to the Footscray and District Hospital with lacerations and fractured ribs. Her condition is satisfactory.

Hockey girls meeting

A meeting of the Altona Ladies' Hockey Club will be held at the clubrooms on February 16, at 7.30 p.m. New members are welcome as are any parents interested in coming along.

ANGELICAN PRIEST TAKES LAY JOB

North Altona's controversial priest David Pope is in the news again, when it was announced this week that he had taken a lay job to supplement his stipend.

Mr. Pope said the church has an estimated \$20,000 debt, incurred from a recent building programme.

The minimum stipend for a priest is \$60 dollars a week.

Mr. Pope, priest in charge at St. Luke the Physician, has three small children.

He began working last year part time, and recently has taken to writing for a weekly paper, television and radio.

"It restricts my parish work, but I can't think of a parish better prepared for the move," he said.

"Looking at it from a positive point of view, if a benefactor was to write out a cheque for \$20,000, I would continue working."

"What I've done is nothing new, it's being done overseas and on the New South Wales coast, at the Canberra Goulburn parishes, I think."

"Because of the declining congregations you

will find more and more priests taking lay jobs."

Mr. Pope previously hit the headlines, in 1968 when he began a controversy by saying the concept of God was meaningless.

Soon afterwards he accepted a posting to Wentworth in New South Wales from where he joined the parish at North Altona.

Minister to open geriatric wing

Williamstown Hospital's new 20-bed geriatric wing will be officially opened on Sunday, February 20.

To be named "The Bill Dooley Geriatric Wing," it will be officially opened by the Hon. Murray Byrne, MLC, Minister for Public Works.

After a ceremony starting at 3 p.m. the building will be open to inspection.

The wing will be named in memory of the late Mr. Bill Dooley, MBE, known throughout Victoria for his widespread participation in charitable efforts.

Mr. Dooley, who died suddenly in 1963, was a member of the Williamstown Hospital's Committee of Management.

He is remembered for his great help in fund raising efforts, his unflin-

gling willingness to champion the "underdog," his unlimited sense of humor and his "down-to-earth" philosophy.

CHANGE OF COUNCIL MEETING DATE

Altona council will meet on Monday, February 22, in lieu of Tuesday, 23.

J. W. WATERS, Town Clerk.

Weaver lashes back over beach critics

Altona councillor, Harry Weaver, made a strong reply to critics of the city's 5½ miles of foreshore at the council meeting last week.

He said disparaging remarks about the beach made in a local newspaper were completely unfounded.

In a comprehensive report, Cr. Weaver said major foreshore works

at present under construction were:

- The reclaiming and levelling of 10 acres of land adjacent to the Magazine Pier in Altona West. Part of this land will be developed as a caravan park and boat ramp area.

- The reclaiming and levelling of 11 acres of land between the Pines Scout camp

and the shoreline at Seaholme. This land will be raised and levelled for use as a beach park which will be accessible to the Bayside Village Estate by a proposed pedestrian railway crossing.

Cr. Weaver said trees planted along the beach near the seawall were also proving an attraction.

"A wider area of sand or land between the trees and water line is needed to prevent the salt spray retarding the tree growth, and this will be provided for in future plans," he said.

Cr. Weaver said one of the main problems in maintaining and improving the beach was the lack of finance.

"Recently, after years of submissions by the Altona council, the Government subsidy was increased from a dollar for dollar

basis to two for one, but more money is needed," he said.

"The fully developed parts of the beach, opposite Millers Road (Fleming's Pool) and the life saving patrol area between the pier and Mount Street, form one of the safest beaches for children around Melbourne."

HISTORY

In outlining a brief history of work carried out on the beach, Cr. Weaver said that since the construction of a vertical seawall several years ago the beach had been losing more and more sand.

"This was partly due to the pounding of the

seas against the wall, turning down and curling the sand out to sea with ever outgoing sweep of water," he said.

"This in turn created a trough, which filled with seaweed and drainwater."

"For many years this trough was emptied of sand by trucks and bulldozers, until it was found that this method tended to deepen the trough, and caused the considerable loss of sand."

"During the past two years a special effort has been made by the council to import sand and \$4000 has been spent on sand filling so far."

A reception was held at St. Eanswyth's Parish Centre.

COUNCIL RECORDS PASSING

Altona council recorded the passing of two men with strong western suburbs ties, with a minute's silence at the council meeting last week.

They were Messrs. Alan Richards, father of Altona councillor Ray Richards, and Rupert Vian, chairman of the Lower Yarra Crossing Association and former area works manager of ACI Spotswood.

Mr. Richards, of Blackburn, passed away at the Kingston Rehabilitation Centre, Sandringham, on January 29, aged 67.

A printer by occupation Mr. Richards was actively engaged in youth work and spent more than 30 years coaching basketball teams.

He was a founder of the Mountain District Girls' Basketball Association and a driving force behind the formation of the Nunawading Presbyterian Basketball Club.

Mr. Richards' funeral took place at Cheltenham Memorial Cemetery on February 2.

He is survived by his three sons, Ray, Don and Alan.

Mr. Vian, who was in his 60's, passed away on Saturday, February 6 — perhaps an indirect victim of the Westgate Bridge tragedy.

He was one of the instigators of the project and on his retirement in 1964, made it his life interest.

The sudden and unexpected disaster was a great personal blow which visibly affected his health.

As chairman of the Lower Yarra Crossing Authority, he made almost daily visits to the work in progress, and acting in a public relations capacity, gave hundreds of talks to public bodies and at schools.

Mr. Vian was also a former member of the Williamstown Rotary Club.

He is survived by his wife and two children.

• Direct its chief health inspector to report whether the plant can be considered an offensive trade.

• Request the Minister for Health to investigate the whole production aspect of the APC.

• Place all information on the matter in the hands of its legal advisers.

Altona council first served notice on the APC on May 1, 1970. Since then more extensions have been given so the company could complete its works programme.

Cr. Crofts told the council meeting last week that the company had spent \$200,000 in an effort to abate the nuisance, but this year, to February 8, 128 complaints of offensive odors emanating from the plant had been received.

He said that he had received complaints as late as last night (Monday, February 8) at home.

Cr. Crofts said that in considering the order the council should decide whether the company had complied with council's requests or whether a nuisance still existed.

Cr. Crofts' motion was seconded by Cr. Ray Richards and supported by Cr. Pat Lynch who said the APC had not kept faith with council. It was passed unanimously.

Earlier, Cr. Crofts, who holds the council's pollution portfolio, said several complaints had been received in the Altona west area.

He said letters stating exact time, date and type of nuisance had been received.

He added: I'm up in the air to know what we can do about them.

Since my last report we have had at least 51 air pollution complaints and 12 noise complaints.

Cr. Crofts said some of the complaints regarding smoke had been from Altona North. "Every complaint was justified," he said.

RESCUE ATTEMPT YOUTH HONORED

An Altona youth who figured in an unsuccessful attempt to rescue a drowning man off Seaholme on January 14, was officially honored by Altona Council at the past meeting.

He is KENNETH BENNETT, 15, son of Mr. and Mrs. F. G. Bennett, of 35 The Esplanade, Altona.

In presenting Ken with a certificate of merit award, Cr. Doug Grant said he had displayed spontaneous fortitude in attempting to rescue the man.

ART SHOW

Plans are now well in advance for this year's Beta Sigma Phi Annual Art Show, which will be held on March 28 and 29 at the Williamstown Town Hall.

Since members of the club organised the first art show seven years ago, a tremendous amount of enthusiasm has been created, not only by the artists, but also the viewers, who enjoy the creative work and development of our local artists.

Many artists have already applied for entry forms, so the annual art show seems assured of maintaining the usual support of exhibitors.

Entry forms are now distributed to regular exhibitors, but those who have not previously entered work should apply to Mrs. H. Richards, 397 6622. Enquiries from potters, sculptors and enamellers would also be welcome.

TAMPERED WITH CAR — \$50 FINE

A fine of \$50 was imposed on a man found guilty in Williamstown Court last week on a charge of having tampered with a motor car.

William Edward Parker, of 6 Waratah Street, Seaholme, was also ordered to pay \$12 costs to police witness Kevin Maloney, of 87 Mason Street, Newport, for missing a day's work.

Parker did not appear in court.

Maloney told Mr. F. Clancy, SM, that on Thursday, August 20, last year, he parked his car across the street from the Customs House Hotel, in Williamstown.

A short while later he was called to the phone in the hotel, from where he could see a car draw up beside his own.

Maloney said the man who got out of the car aroused his suspicions by ducking to avoid being seen from the street.

Maloney said that by the time he reached his car the defendant had it open and was ready to get into it.

First Constable Wilsher, from Williamstown police, said Parker told him he had gained access to the car by opening a side window, which had been left unlocked.

He said Parker told him he must have been mad to do something so stupid and that he was only looking to see if anything valuable had been left in the car.

Mr. F. Clancy, SM, found Parker guilty and fined him \$50 with \$12 costs.

FINED FOR GIVING FALSE STATEMENT

A \$200 fine was imposed on a young Altona man who made a false statement to the police in an attempt to obtain a driver's licence.

RICHARD HEANEY, of 16 Chifley Street, Altona, pleaded guilty in Williamstown Court last Thursday to the charge.

Founder Retires

Mr. R. V. Butler, founder of R.V.B. Engineering in Spotswood has retired as joint managing director of the firm.

He will be succeeded by Mr. Kenneth Butler.

Mr. R. V. Butler was a founder member of the Australian Institute of Export.

His own company exports to more than 60 countries.

Constable Robert Towers, of Williamstown police, told the court he tested Heaney for a driver's licence in September last year.

Heaney signed a statement to the effect that he had no criminal convictions.

Constable Neville Little, of Altona police, said he interviewed Heaney in October last year, after information had been received from the Motor Registration Branch that Heaney had a prior conviction for illegal use of a motor car.

Constable Little said

Heaney told him he had made the false declaration because that conviction and another for breaking and entering were over and finished with.

Heaney said he just wanted a licence and could see nothing wrong with that.

Mr. Clancy, SM, fined Heaney \$200 and gave him a stay of one month to pay.

He told Heaney if he had not completed payments by then, he would have to make an application to the court for more time.

Altona wins easily

Resuming at 4 for 74 in reply to Windsor's first innings total of 82, Altona C grade lost three quick wickets before overtaking the oppositions score.

The remaining batsmen took advantage of the situation to gain batting practice under match conditions.

Keith Hancock, showing

good form with the bat, pushed the scoring rate along before being dismissed for a well made 23. Altona's first innings was declared closed at 9 for 130, a lead of 48 runs.

Windsor, who needed to gain points in this round to have any chance of making the finals, commenced their second innings cautiously. Jack Deller broke through with the score at 12 to be quickly followed by Hancock taking a catch from a full toss.

With the score at two for 33, spin was introduced into the attack through Critchley and Stephenson. The latter gained a wicket with the last ball of his second over. After five overs Terry Gray was bowled by Critchley. This proved to be Windsor's undoing, as Gray and Stephenson between them took the last six wickets whilst Windsor could only add 10 runs to be all out for 74, an overall lead of 26.

Geoff Stephenson, in taking another four wickets took his total bag for the season to 30 wickets and appears certain to be a trump card in Altona's finals side.

Needing 27 runs to win in 25 minutes Altona had no problem in scoring the runs from four overs and thus gained a further 10 points to assure them of top position on the ladder, irrespective of the results in the next round which is the final round before the final series.

Altona first innings 9/130 — Biddy 40, Wilson 20, Hancock 23, second innings 1/28 — Evans 18 n.o.

Windsor first innings 82 — R. Gray 4/15, Stephenson 4/14, second innings 74, Stephenson 4/29, Gray 3/8.

Chub X1: Altona Club X1, chasing 100 runs in 55 minutes, failed by 41 runs to beat West Newport outright.

After trailing West Newport by eight runs on the first innings, Altona struck back in the second innings to have the opposition all out for 93.

Altona threw everything into an effort to catch West Newport's total, but time ran out.

West Newport's second innings: R. Shepherd ct. Stephenson 2, Sheedy retired 27, Fry stmpd. Chalmers 3, Parsons ct. Parke 37, Christ-Kakis stmpd. Chalmers 2, Phelan ct. Chalmers 0, Clancy stmpd. Chalmers 4, Regel ct. Chalmers 5, Geffries bld. Parke 3, Sandri run out 2, Hansby not out 2, extras 6, total 93.

Bowling: Chalmers 5 for 31, Parke 2 for 21 and Stephenson 1 for 18.

Altona's second innings: M. Critchley ct. Parsons 4, S. Parke ct. Regel 0, K. Flett bld. Regel 1, K. Stephenson bld. Regel 7, D. Chalmers bld. Clancy 21, J. Grassby not out 21, P. Mildenhall not out 5, total 5 for 59. Bowling-R. Regel 3 for 17.

TOP PLAYER GOES TO LISTON-ESPLANADE

Liston-Esplanade's "A" grade team for the season starting in April will have a new look following the retirement from regular pennant of Don Cameron and the unavailability of David Wright.

The loss of these two players is a blow to the club, but will be overcome to some extent by the signing of well-known pennant player Phil Robertson.

Phil, 28, had enjoyed a most successful tennis career, having ranked four times in the Victorian junior list.

He represented the State three times in the Linton Cup.

He won the under-17 singles and doubles at the Victorian Schoolboys championships and later

was runner-up in the under-19 singles.

As an LTAV winter pennant player Phil was in the winning MCC "A" grade side in 1965 and in that club's "A" grade runner-up team in 1967.

Phil is now living in Geelong, so Liston-Esplanade is the nearest "A" grade club to him.

John Stephens will again captain the team and will be supported by John Hillebrand.

The club is chasing another player to complete what appears likely to be another strong line-up.

'Town coasts to easy win

Williamstown after its best opening stand for the season, went on to an easy win over Malvern last Saturday.

Chasing 121, 'Town resumed at 0 for 33. Openers Alan Harris and Barry McConnell built up their overnight score to a solid 81 before Barry was caught for 44.

Alan had bettered his partner by one when he was bowled with the score on 102.

Tea was taken with 'Town certain of victory, with the score at 2 for 120. A sharp collapse followed after tea, and 'Town tumbled to 8 for 169.

John Peters shone during this period, with 22.

Noel Macleod, who survived the slump, and Doug Gibson, regained control for 'Town and put together a dashing ninth wicket partnership of 45 before Doug was caught for 32.

Tail-ender Ray Salter held up his end to enable Noel to reach an unbeaten 51, his highest for the first 11.

'Town is now equal second and provided it beats Hawthorn East-Melbourne in its final home game, there should be an exciting finale to the season, when it meets top team Balwyn on Labor Day weekend.

STATE SIDE TIP FOR SOCCER CUP

A State League side is favored to win the Altona City Soccer Club's annual competition, the Noordenne Cup.

However, as the games are played at Kim's Reserve, Altona, the home-ground advantage will help the local city side.

It would be no real surprise if Altona retained the cup it won last year from Sunssine City.

Kim's Reserve is in excellent condition and good soccer should be easy, especially for the State League clubs, Slavia and George Cross.

St. Albans and Moreland, who face up to these two in the first round, will be in more trouble than Ned Kelly trying to hold out against the pace and shooting power of the "big boys."

Sunshine City should be too strong for Kingsville and Altona City won't be able to afford to make a mistake with Western Suburbs.

Altona coach Harry Sutherland is pleased with the way his players have trained. Only Billy Savage has failed to put in a full effort, having missed about six hard training stints.

But 16-year-old Bobby Saxton is going great guns and could be a likely replacement.

Ackers, Hines and Bayliss will be missing from the line-up, because they are attending a coaching course in South Australia.

The draw: Saturday, February 20 (1 p.m. start) — Slavia v. St. Albans;

Saturday, February 20 (3.15 p.m. start) — Western Suburbs v. Altona;

Sunday, February 21 (1 p.m. start) — Kingsville v. Sunshine;

Sunday, February 21 (3.15 p.m. start) — George Cross v. Moreland.

These include the three Jamieson sisters and the McDonalds, the McBrooms, sisters from Port Melbourne, and the Meertens twins from Williamstown.

Following their poor first innings total of 56, Newport's batsmen fared little better in their second innings to be all out for 74.

This time three batsmen reached double figures under perfect conditions, with Kev Waters again top scoring with 22 n.o., G. Mologousis 13 and Jeff Coluin 11.

The last game of the season next week at East Malvern will now have to be won if the Club is going to avoid relegation out of Senior Division.

Second XI: Chasing Flem-Ken's, big first innings score of 290, Newport's batsmen at last showed some semblance of form with the willow. They batted all day to go down fighting with the good score of 8/199 on the board at stumps.

John Stewart put together 85 runs in fine style, well supported by Don Gregory 27, Dick Roberts 19, Warren Diamond 19, and Ron Clarke 17, in a display that should give the side sufficient confidence to win the last match.

CLUB XI: Newport continued on its merry way to the finals when they trounced Spotswood Imps outright, by an innings and 11 runs.

Scores were Newport

7/163 dec., d. Spotswood Imps 76 and 76.

In the Imps second innings, Arch Lloyd took 1/3, Alan Rudland 1/21 and 13-year-old Billy Fowler once again shone with the ball to capture

6/20 with his left arm "floaters."

All members are requested to attend an important general meeting to be held in the clubrooms next Thursday, February 18, at 8 p.m. sharp.
